PERSONAL PROFILE

Detail-oriented administrative professional and GIS Specialist with experience in project coordination, documentation, data management, reporting, and stakeholder communication. Proficient in Microsoft Office, Google Workspace, and online collaboration tools. Knowledgeable in e-commerce and digital marketing through self-directed learning, with a strong interest in online business, social media, and customer support. A fast learner seeking to leverage strong organizational and administrative skills in a Virtual Assistant role.

WORK EXPERIENCE

GIS Specialist and Analyst

2023-Present

BarjeelAerialPhotographyServices (BAPS)

Provided administrative and project support through data management, client communication, report preparation, documentation, and quality control. Coordinated project deliverables, tracked progress, maintained organized records, and ensured timely completion of tasks while supporting daily business operations.

Engineer

2021-2022

Department of Agrarian Reform (DAR) - Agusan del Sur

Led a team in conducting data validation and record verification activities, ensuring accuracy and compliance with project requirements. Coordinated field operations, maintained organized documentation, tracked project progress, and managed data updates to support timely and accurate project deliverables.

GIS Specialist

2020 - 2021

TaganitoMining Corporation (TMC)

Managed and organized project datasets, ensuring data accuracy, completeness, and accessibility. Assisted in data processing, prepared reports and visual materials, and fulfilled departmental requests by delivering timely and accurate project outputs.

University Researcher/ Science Research Specialist

2016- 2020

Caraga State University (CSU) - Main Campus

Supported project operations through data management, research, documentation, and report preparation. Maintained organized records, monitored project requirements, ensured data accuracy, and assisted in the timely delivery of project outputs.
